

Life-Changing Results, Real Cost Savings

Over 70 million Americans struggle with a digestive condition that impacts their entire life, including their **ability to work**. Symptoms are unpredictable and so severe that trips to the ER, surgeries, and expensive Rx drugs are a way of life.

Medical care

22M hospitalizations and 21M surgeries a year

Missed work

average 35 days/year, 3x more than most chronic conditions

Cost of Rx drugs

\$18,000 to \$150,000 per year, second only to cancer

COMMON DIGESTIVE DISORDERS

IBS
Celiac Disease
Crohn's Disease
GERD
Ulcerative Colitis

GIThrive® from Vivante Health is the **all-in-one digital program for digestive health and disease**. It's helping people feel better while lowering their cost of care.
